3b. Expenditure and Financial Report I & II

- I. The District currently has a balance in the Vector Control Joint Powers Authority Contingency Fund of \$526,876 for the purposes of General Liability and Workers Compensation Insurance coverage. The prudent Balance level should be \$596,676. A contribution of \$69,800 from the District's General fund is proposed to meet the Prudent Balance Amount.
- II. Field staff currently uses hand held computers (**Archer Field PC**) for field reporting purposes. The current units have been in place since 2008. The District planned on upgrading the units in the 2014/15 Budget year. The District's current vendor, Electronic Data Solutions, notified the District of an opportunity to purchase PC Tablets (**Windows RuggedT7000 PC**) at half price, due to the arrival of new replacement models in early 2014. The per unit price is \$1,495, and the District would require the purchase of 21 units to facilitate the needs of Field Staff at a total cost of \$36,645 plus anticipated sales tax. The District anticipates a life span of five years for these devices.

SAN JOAQUIN COUNTY MOSQUITO AND VECTOR CONTROL DISTRICT
District Activities Report

November 2013

Work Completed:

CONTINUATION OF SWIMMING POOL INSPECTIONS ON PROPERTIES IN FORECLOSURE

The District continues to work with the County Assessor's office and the County GIS Department to develop a list of properties with swimming pools that are either in default or full foreclosure. 27 pools were identified on the November list, up from 25 in October.

DELTA FLOODING SURVEILLANCE AND TREATMENT

Delta flooding was monitored for continued mosquito production through November. Nine different locations were aerial larvicided in November. The warmer weather that extended through the month resulted in greater acreage treated as compared to recent years.

GENERAL FIELD WORK

Technicians continued to monitor and make sporadic larvicide applications within their zones during early to mid-November. Technicians also initiated brush clearing activities to maintain treatment and inspection access to areas that would otherwise become overgrown with vegetation. As expected, service requests related to mosquito problems dropped significantly in November.

TOTAL TREATMENT WORK CONDUCTED DURING THE MONTH OF NOVEMBER

GROUND WORK

210 Acs Larvicided
2.5 Acs Adulticided
4.6 Acs Herbicided

AERIAL WORK

2,172 Acs Larvicided
0 Acs Adulticided

SERVICE REQUESTS

12 Mosquitoes

3 Fish Requests

43 Neglected Pools

WORK SCHEDULED FOR DECEMBER

- CONTINUE TO INSPECT NEGLECTED SWIMMING POOLS REPORTED BY THE PUBLIC AND IDENTIFIED ON THE CURRENT HOME FORECLOSURE LIST.
- CONTINUE BRUSH REMOVAL ACCESS PROJECTS
- BEGIN HERBICIDE APPLICATIONS FOR ACCESS IMPROVEMENT
- CONTINUE ZONE WORK ON AN AS NEEDED BASIS
- BEGIN COMPILING RECORDS FOR THE NPDES YEAR END REPORT

Public Information & Outreach
Month End Report

Monthly Activities

- Four school presentations were given with 256 students in attendance. Additional presentations were scheduled for December and January.
- The District participated in Ag Venture in Manteca. This is one of three Ag Venture events held in the north, central, and south parts of San Joaquin County. We gave 26 seven-ten minute presentations with 625 students and parents in attendance.
- I began working on the 2013 Annual Report design and entered applicable data.
- Work continued on the new District logo design in conjunction with a graphic artist.
- The District website was updated with current data and checked for broken links. Data was added to the MVCAC association PR website.
- A presentation was scheduled for Lodi Parks and Rec. Department on mutual cooperation and mosquito updates.
- I provided a safety presentation on Poison Oak Prevention to the District's staff at a general meeting. I also presented an 18 minute video on chainsaw safety.
- In addition to the above, I have been monitoring and restocking the Safety Supplies for the District.
- I worked through a school contact to find help for a young person with a severe case of Lyme disease.

Work scheduled for the month of December, 2013:

- Five school presentations are scheduled with nine classes in attendance. A presentation is scheduled for Lodi Parks and Rec. Department in Lodi. Work will continue on the 2014 Annual Report. The new district logo will be completed. New, branded brochures will begin to be developed.

MANAGER'S REPORT

For the period November 13, through December 10, 2013

- The Assistant Manager and I worked with the San Joaquin County Agricultural Department in relation to an anonymous complaint to the California Environmental Protection Agency (Cal-EPA) regarding alleged violations including potential and / or existing hazardous conditions in the workplace; specifically the District's White Slough facility. Cal-EPA forwarded the complaint to the State Department of Pesticide Regulations who forwarded to the local Ag Department for investigation. The complaint included: non-compliance with hazardous material guidelines, personal protective equipment, chemical information available to employees, chemical treatments conducted at the White Slough facility, testing of water bodies, educating and training employees of chemicals used, and reporting to appropriate governmental agencies. The local Ag Department conducted a thorough investigation that included a headquarter inspection of both the Stockton and Lodi (White Slough) facility sites and inspected all relative records.
The pesticide storage area at White Slough was absent of proper signage (Pesticide Storage Area), and the District received a violation for not displaying those signs on the entrance doors of the storage unit. They were immediately added the next day. The conclusion of the investigation confirmed the District had a complete Handler Training program, Hazard Communications Program for pesticide handlers, and submitted monthly summary pesticide use reports to proper agencies.
In addition, the District received notice from Cal-OSHA of a complaint they received alleging violation of the Safety Orders found in Title 8 of the California Code of Regulations. The Assistant Manager and I are currently in the process of investigating the complaint. A copy of Cal-OSHA letter is attached.
- I received two public records requests directly, and one indirectly through the County Auditor's Office, requesting information on the Grand Jury Investigation; Trustees; Employees; and Trustee Travel. Staff is currently in the process of retrieving the requested information. Copies of these requests are included in the Consent Calendar, (3f. Correspondence) portion of the Board Packet.
- I attended the MVCAC planning session in Sacramento. The planning session provided District Managers an opportunity to meet and interact with the new Management firm, hired by the Association to a three year contract, starting the first of the new-year. We reviewed financing, meeting locations and purpose, administration responsibilities, NPDES monitoring requirements, legislative activities, regulatory activities, State-wide WNV surveillance proposals, and legal updates. The management firm that consists of KP Public Affairs and Association Management Group (AMG) are to provide the MVCAC with a full spectrum of professional services that will include regulatory affairs, legislative advocacy, public relations, and management. An oral report will be provided during the meeting.
- In the area of building maintenance projects, we completed the linoleum floor removal and replacement project at the Lodi Office at White Slough. Underlayment was added over the existing floor and Armstrong® vinyl composition flooring was installed. The flooring has a three year warranty with a two year warranty on installment. The life expectancy of the flooring material is 15-20 years.

7. ELECTION OF OFFICERS FOR THE BOARD OF TRUSTEES FOR 2014

The Board of Trustees annually elects from its members the officer positions of President, Vice President, and Secretary.

Past practice of the Board has been to elect officers to a one-year term, with those individuals considered for reelection to a second consecutive one-year term if their service is deemed satisfactory and appropriate.

This is the time on the agenda for the Board to acknowledge the election process. Because this is the end of the first-year term for President Warmerdam and Vice President Lambdin, it would be appropriate for the Board to consider nominating and electing Trustee Warmerdam and Trustee Lambdin to a second consecutive one-year term in their respective positions. Additionally, the Board can consider nominating and electing Trustee Meeker to continue to serve as Board Secretary.

The officers will be seated at the January 2014 Board of Trustees meeting.

Appointment of individual trustees to the standing committees of Budget and Policy is the prerogative of the President, with those appointments announced at a future meeting.
